PharmaLens Test Accounts

Seeded demo logins for login.html and dashboard.html.

Patient accounts (5)

On the login page, choose the Patient portal.

#	Name	Email	Password	Role	Patient ID
1	Asha Raman	asha.raman@example.com	Asha@2026	Patient	PL-1001
2	Rahul Menon	rahul.menon@example.com	Rahul@2026	Patient	PL-1002
3	Priya Nair	priya.nair@example.com	Priya@2026	Patient	PL-1003
4	Mohammed Farhan	mohammed.farhan@example.com	Farhan@2026	Patient	PL-1004
5	Lakshmi Subramanian	lakshmi.subramanian@example.com	Lakshmi@2026	Patient	PL-1005

Pharmacist accounts (2)

On the login page, choose the Pharmacist portal.

#	Name	Email	Password	Role
1	Anjali Krishnan	anjali.krishnan@example.org	Anjali@Rx2026	Pharmacist
2	Rohan Desai	rohan.desai@example.org	Rohan@Rx2026	Pharmacist

Notes

- The Staff ID / License Number field is required for pharmacists but accepts any value (for example PH-204817).
- To link a patient to a pharmacist, use Connect Patient in the pharmacist portal and enter a Patient ID above.
- The accounts are created only when pharmalens_db is empty. Clearing browser storage re-seeds them with their original data.
- Passwords are stored as plain text in localStorage. This is for demos only.
